Professional Audio Visual Services

Consultation

Every project starts with a conversation. Our first step is to listen to your requirements and gain an in-depth understanding of your current and future needs.

Design & Specification

We design professional standard, intuitive and innovative solutions that are tailored to suit your specific operations, budget and installation environments.

Project Management

Our Project Managers oversee each aspect of our projects and liaise with third party contractors as necessary, resulting in a fully co-ordinated and seamless service.

Supply

In partnership with industry-leading professional AV and IT manufacturers, we supply the latest technology from tried and tested brands such as Crestron, Extron, Poly, Cisco, Shure, QSC, LogMeIn, Zoom and many more.

Integration

We deliver an exceptional standard of integration focussing on usability, reliability, efficiency, sustainability, return of investment, future-proofing and high quality finish.

Programming

From room control and room booking systems to building management, our in-house programmers implement fully integrated control and user-friendly system interfaces.

User Training

Bespoke training is delivered for every project, ensuring that your staff have the knowledge and confidence to use your new AV systems, and maximising your ROI.

Technical Support

We support our Clients for the full usage lifetime and offer reliable and efficient post-installation technical support. Our dedicated Service Desk manages all support requests.

Pro-active Maintenance

Preventative maintenance programmes are designed to ensure your AV systems deliver optimum performance. Maintenance contracts can be tailored to suit specific needs.

Key Benefits

Large, multi-skilled project team and comprehensive operational resources.

Our comprehensive project team comprises of skilled designers, project managers, administrative and logistics personnel, engineers, programmers and trainers. We have the capacity to complete large scale projects in strict timeframes.

Industry expertise and partnerships with leading brands.

We have longstanding relationships and authorised partnerships with the leading AV brands, including key brands referenced in the Competence Check such as Crestron and QSC. We work together to provide optimum cost-effectiveness to our Clients. We also have direct access to manufacturer technical sales and post-installation support in the event that escalated assistance is required.

Extensive experience and proven track record in large scale, high profile projects.

Key examples include

Avolon Global HQ, Number One Ballsbridge	75,000 sq. ft., 6 storey
RCSI, 26 York St.	120,000 sq. ft., 10 storey
Trinity Business School, Trinity College Dublin	122,000 sq. ft., 8 storey

Customer focused, hands-on approach

We're proud to have worked with many of our Clients for over 20 years. Our longstanding relationships are testament to the consistently high standard of service we deliver. Clients benefit from our dedication, flexibility and innovative approach.

Lifetime support from design to post-installation maintenance

We're committed to supporting the AV systems we install for the full usage lifetime, offering comprehensive technical support and maintenance services.
